Revolutionize Your Property's Longevity with **GoNano**

Testimonials

"Both my daughter and grandson have used GoNano because of results on my roof. Now I'm protected for years to come and I have a warranty to back it up."

— **Michael K., Upstate New York**

"This has saved us from a very expensive and complete roof replacement. Now that we have done GoNano, we will never go back. Thank you for all the money you saved us!"

— **Austin L., Montreal, Canada**

"I have no more granule loss which is a sign to me that it works and it's now obvious we'll get another 10 years out of our old roof. So we sleep a little better now because we've dealt with people that are looking out for us."

— **David F., Aledo, Texas**

"We couldn't be happier with the treatment done on our 15 year old roof, the entire process took 90 minutes without any damage to our property and I like that I didn't have to worry about my gardens, pets and kids."

— **Carla, Vancouver, Canada**

Discover the Power of Nanotechnology

Nanotechnology involves manipulating

materialson an atomic or molecular scaleto create extraordinary properties and benefits. At GoNano, we harness this cutting-edge technology to develop products that protect and prolong the life of various surfaces. Our advanced formulations create a hydrophobic barrier that repels water, resists dirt and grime, and significantly reduces wear and tear.

FAQ's (Roof Treatment)

KEY BENEFITS:

Extended Surface Life: Our treatments can prolong the life of treated surfaces by up to 15 years.

Enhanced Protection: GoNano products protect against environmental damage, including UV rays, damaging winds, rain, hail, corrosion and freeze-thaw cycles.

Cost Savings: Reduce maintenance and replacement costs with our durable, long-lasting solutions.

Guaranteed Performance: We stand by our product and we guarantee it for your peace of mind.

Tested and Proven Performance

At GoNano, we pride ourselves on the rigorous 1 Million dollar testing our products have undergone to ensure their efficacy and durability.

TESTING FROM REPUTABLE INSTITUTIONS:

- UL2218: Impact Resistance
- ASTM D3161: Wind Resistance
- UL790: Fire Resistance
- IBHS: Impact Resistance
- Green Center (Impact Chemistry): Impact Resistance

Our commitment to quality and performance means you can trust GoNano products to deliver outstanding protection and longevity for your property.

When should GoNano technology be applied to a roof?

Answer: The earlier you apply GoNano NuRoof Fortify, Revive, or Bio-Boost, the quicker you can take advantage of GoNano's anti-aging benefits.

Does the application of the product void the warranty from shingle manufacturers?

Answer: That's a hard NO! GoNano does not void any of the current shingle manufacturer warranties. We have undertaken a comprehensive legal assessment with our law firm to confirm this for leading shingle manufacturers.

Do you do repairs before applying the product to the roof?

Answer: Yes, a certified GoNano installer will conduct minor roof repairs, including (but not limited to) the replacement of any missing, damaged, or loose shingles, before applying the GoNano product.

Is GoNano toxic for the environment?

Answer: Absolutely not! All of our products are environmentally friendly to humans, pets, and plants! So no need to worry about toxic chemicals running down your pipes, or any surface.

What is your product warranty?

Answer: The warranty period differs depending on the product. Starting with our asphalt shingle products, Fortify (roofs 0 to 5 years old) provides a full 15 year transferable warranty, Revive (roofs 5 to 15 years old) provides a 10 year prorated transferable warranty, whereas Bio-Boost (roofs older than 10 years) offers 5 year prorated non-transferable warranty. Concrete Saver, are guaranteed for up to 10 years.
